## ABOUT SEVEN SEAS

A home is an amalgam of love and life, and should reflect the attitude and style of the occupants -- especially that of the homemaker. That is the simple logic that inspires the Seven Seas range of products, which brings a touch of international class to your home – by importing stylish, smart and superb kitchenware and household items.

### Why Seven Seas?

Seven Seas brings the world to you, with the best international designs in kitchenware, tools and household items. These products are of the highest possible quality, sourced from the best factories with our direct supervision and quality control. Seven Seas includes not just functional, but also luxurious and high-end products that are stylish, modern and innovative. Despite being sourced from around the world, these products are sure to match your needs perfectly because the designs are customised based on our understanding of the Indian customer's needs.

Name the product and you shall get it from us; plus with our uncanny readiness to customise, you can rest assured that you will indeed get what you really want!

Seven Seas pampers you with all the handiness and bravura you can get—from around the world—making cooking less stressful and more enjoyable, so you can pour all your love into it without being tired out. With its wide spread of kitchen and household articles, it enables you to radiate your style and attitude all through your home.

### What is our vision?

We aim to bring the world within your reach—with the best and most convenient products and brands, keeping in line with modern trends. Our vision is to revolutionise traditional cookware and bring in elements of utility, luxury and class.

We have a wide range of products, not just for your kitchen and dining needs but for other aspects of home-making too, including a ranging of tempting goods for kids. We are focused on constantly revising our offerings, to keep in touch with the latest trends and to excite you with something new and useful every time you come back to us!

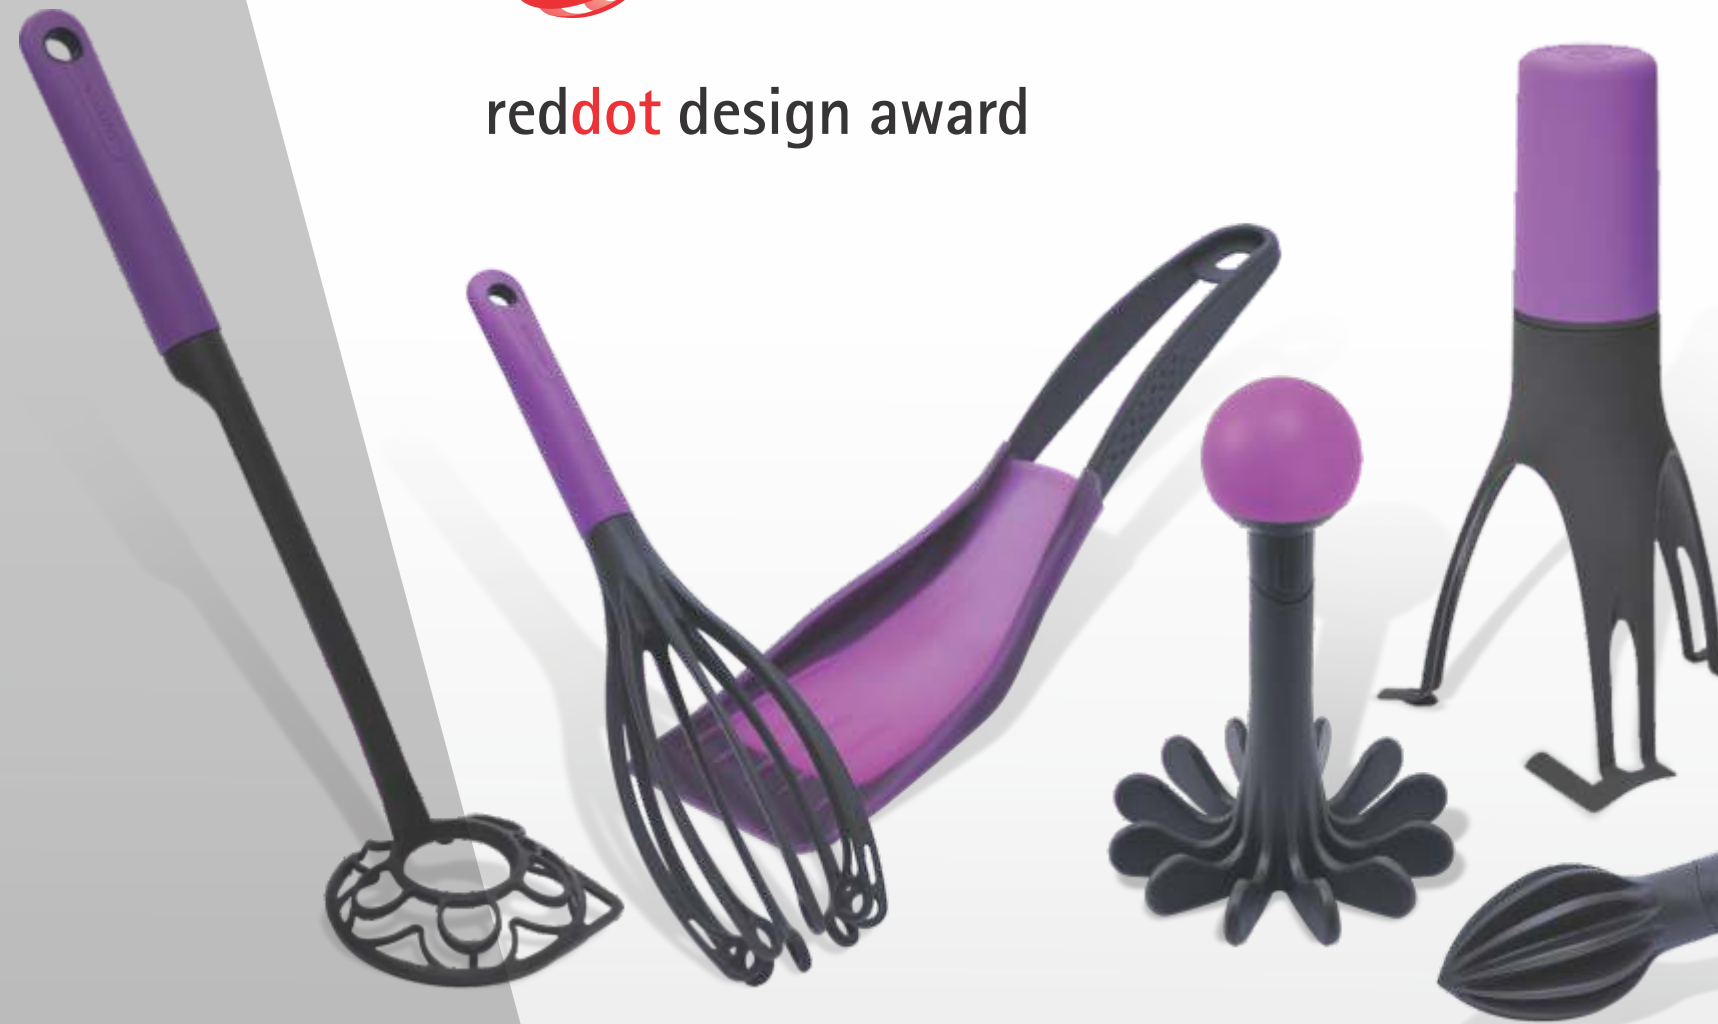

In short, Seven Seas aspires to bundle every product with the 'power of seven': quality, affordability, durability, innovation, variety, genuineness and best price.

UUTENSIL

## UUTENSIL - THE BRAND (UK)

üutensil is a British design company that creates exciting and innovative kitchen products. Use a blank slate approach to cooking tasks that allows for new and better ways of preparing food. The beautiful products avoid the lemming effect and embrace how people really live and cook - they stand out on the retail shelf and in your kitchen.

With a wide and expanding range of award-winning utensils and tools that have been exhibited in the Design Museum, üutensil products make our lives just a little bit easier everyday.

Homewares is getting more exciting. Consumers expect innovation and quality at a reasonable price point and üutensil can help retailers to fill this need. The broad and growing range of kitchen tools are all designed in South London studio. The range contains genuinely unique products in the homewares market that will become talking points in-store and in customer's homes. All quirkily named products have a beautiful and distinctive look, supplied in standout packaging and are crafted in quality materials with details in silicone, ceramic and stainless steel. Fitting in both homewares and giftware retail environments, üutensil products are designed to work better and sell better.

## SPUDNIK

- Innovative rotation potato masher

The Spudnik rewrites the rules of mashing potatoes. The unique flower shape is designed to be rotated in the bowl rather than pounded. So the tines slice through the potatoes at an angle and distribute the force. The result - perfect fluffy mash with less effort and in less time. Plus it's easier to clean and no clogging.

**Colour** - Grey/Magenta

**Material** - PP, TPE

## SQUISK

- Reconstructed balloon whisk

Squisk is a different kind of whisk. We've opened up the loops which allows us to get longer and thicker legs, giving more surface area without losing any flexibility. And more surface area means faster whisking and mixing. The thicker legs also allow us to place holes at the end of each leg to help introduce air into mixtures. On a practical level the elongated shape is easier to get into the corners of bowls or pans and the final bonus - it's easier to clean. So now you can whip up double cream in double time

**Colour** - Grey/Magenta

**Material** - PP, TPE

## SWISK

- Roux or flat whisk

Roux whisks are not just for professionals. Swisk is your new best friend for sauces, custards or gravy. Swisk's flat bottom deglazes and mixes every scrap and the patterned structure provides maximum disruption to the liquid helping flavours to infuse. The result - tastier lump free sauces.

**Colour** - Grey/Magenta

**Material** - PP, TPE

## SCOONER

- Multifunctional cooking utensil & serving spoon

The scooner is a new kind of cooking tool made for the way we live. Shaped for frying and flipping, but with a flexible high quality silicone base (heat safe to 250°F) that turns into a scoop when you compress the handle for serving up. Ideal for stir fries, curries, pasta sauces and so much more - it's a practical design for cooking fast, healthy food after long and busy days. The scooner is one tool, two functions and half the washing up.

**Colour** - Grey/Magenta

**Material** - Silicone, Nylon

## SQUEEZE

- Handheld citrus juicer

Squeeze liberates the juicer from the worktop. The ergonomically designed handle fits neatly in the palm of your hand and reflects the curve of the lemon in your other hand. And by using two hands effectively, you double your rotation and juice twice as fast.

**Colour** - Grey/Magenta

**Material** - PP, TPE

## SMASH

- Rotation grind mortar & pestle

We've bought the mortar and pestle closer together. By designing a bigger pestle that fits the curve of the mortar you get a larger grinding surface. And as you use your palm to rotate the pestle rather than pounding - it works faster and goes easier on you. Oh and we've also added grooves underneath which help to capture spices and hold them in place - so no more chasing peppercorns across your worktop.

**Colour** - White / Grey

**Material** - Porcelain, TPE

UTENSIL

STIRR

- Automatic pan stirrer

Ever fancied another pair of hands in the kitchen? Let Stirr take the effort out of cooking. At the push of a button this unique product rotates by itself and travels around your pan stirring sauces, soups, porridge, gravy and lots more perfectly. Leaving you free to get on with something else. (Don't worry complaining about slaving over a hot stove is still allowed!)

Easy one handed push button operation with 3 speed options. This model has moulded plastic legs for a sleeker look. They can be clicked off and placed in the dishwasher. Cordless battery operation - 4 x AA batteries are required

**Colour** - Grey / Magenta

**Material** - Nylon, TPE, Stainless, Silicone
