ABOUT SEVEN SEAS

A home is an amalgam of love and life, and should reflect the attitude and style of the occupants -- especially that of the homemaker. That is the simple logic that inspires the Seven Seas range of products, which brings a touch of international class to your home – by importing stylish, smart and superb kitchenware and household items.

Why Seven Seas?

Seven Seas brings the world to you, with the best international designs in kitchenware, tools and household items. These products are of the highest possible quality, sourced from the best factories with our direct supervision and quality control. Seven Seas includes not just functional, but also luxurious and high-end products that are stylish, modern and innovative. Despite being sourced from around the world, these products are sure to match your needs perfectly because the designs are customised based on our understanding of the Indian customer's needs.

Name the product and you shall get it from us; plus with our uncanny readiness to customise, you can rest assured that you will indeed get what you really want!

Seven Seas pampers you with all the handiness and bravura you can get—from around the world—making cooking less stressful and more enjoyable, so you can pour all your love into it without being tired out. With its wide spread of kitchen and household articles, it enables you to radiate your style and attitude all through your home.

What is our vision?

We aim to bring the world within your reach—with the best and most convenient products and brands, keeping in line with modern trends. Our vision is to revolutionise traditional cookware and bring in elements of utility, luxury and class.

We have a wide range of products, not just for your kitchen and dining needs but for other aspects of home-making too, including a ranging of tempting goods for kids. We are focused on constantly revising our offerings, to keep in touch with the latest trends and to excite you with something new and useful every time you come back to us!

In short, Seven Seas aspires to bundle every product with the 'power of seven': quality, affordability, durability, innovation, variety, genuineness and best price.

INTERNATIONAL INNOVATION COMPANY **VACU VIN**

Vacu Vin is an international manufacturer and distributor of innovative food and wine related products for home and professional use, which are characterized by their practical applications in daily circumstances. All products produced and developed by Vacu Vin are distinguished by their originality, as well as their favourable price-to-quality ratio. The uniqueness of the product range is being emphasized by the fact that many products are patented world-wide to avoid imitation by other companies. The production and assembly is mainly based in the Netherlands and takes place under ISO-standards, which assures all Vacu Vin`s customers of high quality products.

With over 25 years of experience in developing consumer products, International Innovation Company is an innovation pioneer. This family business, which originated from the invention of the Vacuum Wine Saver, can be best described as a developing company that controls the whole distribution channel, from idea generation to putting the final product at your door step. An in-house design team is constantly looking for new additions for the company’s unique product range. These products are being sold in over 80 countries in the world through numerous distributors or own sales office. All products are designed from a functional point of view and offer a good quality at a reasonable price level.

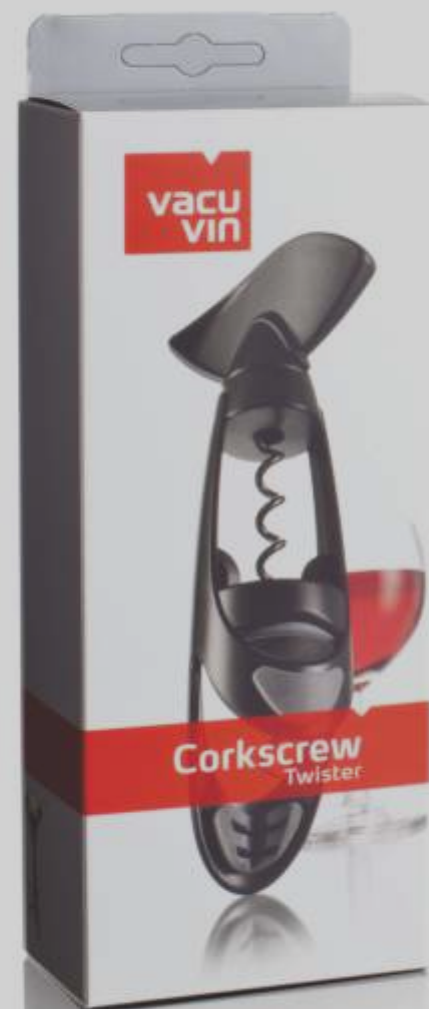

BEST IDEA PLATFORM

Besides the capacity of IIC’s in-house design team the company has initiated and manages an unique creativity platform for generating new ideas for tomorrow’s products. This platform consists of cooperation with universities, own television shows or even cooperation with several international retailers to make sure IIC’s customers are trendsetting innovators in their markets.

OUT-OF-THE-BOX

IIC’s focus is not limited to just Vacu Vin’s brand positioning: Enjoying food and drinks. The company also is involved in product development for companies related to other types of industries, fruit & vegetable growers/ producers, businesses related to the over industry, or even public institutions or other types of non-related businesses. International Innovation Company is just a creative company capable of changing tomorrow’s business!
